## PROFILE

Machine Learning Enthusiast with a passion for building intelligent systems and exploring data-driven solutions. Experienced in competitive programming with 750+ solved algorithmic problems and eager to learn new tech.

## EDUCATION

Rajshahi University of Engineering and Technology

Rajshahi, Bangladesh

**Bachelor of Engineering** in Computer Science & Engineering

2022 – present

- Current CGPA: 3.49 (4th semester: 3.77)
- Relevant coursework: AI & Machine Learning, Data Structures and Algorithms, DBMS, Software Development, Web Development, Discrete Mathematics, Numerical Methods, Microprocessor & Assembly Language

## SKILLS

**Technical:** SQL, Python, C++, Java, Statistics, Data Visualization, Machine Learning, NLP, JavaScript, HTML, CSS

**Tools:** Node.js, Express.js, Socket.IO, Flutter, Supabase, pygame, PowerShell, Axios, FastAPI

## EXPERIENCE

QASIM

AI Backend Engineer

May 2025 -- June 2025

- Developed intelligent backend systems for AI-driven applications during hackathon participation
- Integrated backend to implement machine learning solutions

## PROJECTS

- **sWord – Word Game Application** -*(Created an interactive word game that rewards points for word formation )*  
**Technologies:** HTML, CSS, JavaScript, Node.js, Express.js, Socket.IO, Axios
- **Bankai-** *(Created a clone login page integrated with Telegram bot for cybersecurity purposes)*  
**Technologies:** Telegram-bot, HTML, CSS, JS
- **Chupi\_Chupi** - *(Created an anonymous messaging service through a simple web interface)*  
**Technologies:** Telegram-bot, HTML, CSS, JS
- **Url-Pinger-app** -*(Made and URL monitoring application to automatically ping websites)*  
**Technologies:** Supabase, React, CSS

## ACHIEVEMENTS

- AI Hackathon 2025 (Education) **1<sup>st</sup>**
- GreenCon Hackathon 2025 **4<sup>th</sup>**
- Codeforces Max Rating: [🔗](#) **1265**
- SMP CTF 2024 **17<sup>th</sup>**
- BUET CTF: **24<sup>th</sup>**
- Intra RUET Programming Contest: **32<sup>nd</sup>**
